

DEPORTATION HAD PATROTSM FOR NOTE, WHEELER

Former Sheriff Tells Court That and Desire to Prevent Bloodshed Caused Him to Order Men Deported

[Republican A. P. Leased Wire]
TOMBSTONE, Ariz., March 29.—Patrolman and the desire to prevent bloodshed on the streets of Bisbee, Ariz., prompted him to deport 1,186 striking copper miners and their sympathizers from Bisbee, Ariz., March 29, 1917, Captain Harry C. Wheeler, former sheriff of Cochise county, veteran of the Spanish-American war and of the recent war against Germany, today told the jury that he was Harry E. Wootton on a charge of kidnapping in connection with the deportations.

"I feared that men, women and children of both sides would be killed in the streets of the town," Captain Wheeler, who is the principal witness for the defense, testified. "And I was thinking of my country, too."

The witness repeated some of the expressions he heard on the streets during his investigation into the conditions in the Warren mining district prior to the deportations. Much of the language quoted by him was unprintable. Judge Samuel L. Patton requested the women present to leave the courtroom when Captain Wheeler introduced the nature of the quotations.

Agitators Threatened Government
"To — with the draft," and "the red button over the Liberty bond," were some of the expressions the witness testified he heard. Other agitators declared in obscene language that just as the Russian government had been wrecked, so would the government of the United States be wrecked by radical elements, Captain Wheeler said.

The following proclamation, signed by Wheeler, issued July 12, 1917, and urging all women and children to keep off the streets on that day, was introduced in evidence and read to the jury by W. H. Burgess, chief of the jury by W. H. Burgess, chief of the jury for the defense, who conducted the direct examination of the witness:

"All women and children keep off the streets today.
"I have formed a sheriff's posse of 1,200 men in Bisbee and 1,000 in Douglas, all loyal Americans, for the purpose of arresting on charges of vagrancy, treason, and of being disturbers of the peace of Cochise county, all those strange men who have congregated here from other parts and sections for the purpose of harassing and intimidating all men who desire to pursue their lawful occupations."
"We cannot longer stand or tolerate such conditions. This is no labor trouble—we are sure of that, but a direct attempt to embarrass and injure the government of the United States."

"I, therefore, call upon all loyal Americans to aid me in peacefully arresting these disturbers of our national and local peace. Let no shot be fired throughout this day unless in self-defense, and I hereby give warning that each and every leader of the so-called strikers will be held personally responsible for any injury inflicted upon any my deputies while in the performance of their duties as deputies of my posse for whose acts, I, in turn, assume full responsibility as sheriff of this county."

Promised Full Justice
"All arrested persons will be treated as of this county."
(Continued on page two)

COMMUNIST PARTY AIMS AT OVERTHROW OF NATION, WARNS

NEW YORK, March 29.—Assistant District Attorney Rorke, whose prosecution of Harry Winitzky, executive secretary of the New York communist party, resulted today in the latter being sentenced to prison for criminal anarchy, announced tonight he had warned the police department's bomb squad that the communist party of America was seeking alliance with the communist labor party for forcible overthrow of the government.

Mr. Rorke declared this alliance had not been completed. He added, however, that national headquarters had been moved here from Chicago but that efforts to locate them had proved unsuccessful.

NEGRO CHARGED WITH ATTACKING YOUNG GIRL TAKEN OUT AND HANGED

[Republican A. P. Leased Wire]
MAYSVILLE, Ky., March 29.—Grant Smith, a negro, alleged assailant of Ruby Anderson, 14, tonight was lynched by a mob from a telephone post in Fleming county near Mays Lick, Mason county. Early in the evening he had been taken from officers at the Paris, Ky., jail, following his arrest in Pontiac, Mich.

Members of the mob disappeared after the hanging. The body was not mutilated and was left hanging over the middle of Maysville-Lekington pike.

PARIS, Ky., March 29.—Grant Smith, negro, charged with criminal assault, was removed from the county jail here tonight by a mob of 40 men, who rushed him out of town in an automobile. Members of the mob announced their intention of hanging the negro at Millersburg, nine miles away.

Smith was brought to the Bourbon county jail from Flemingsburg today for safekeeping. He was charged with assaulting Ruby Anderson, 14, of the mob, believed to be composed of 40 Fleming county men, nor of the negro, has been found late tonight by a hastily organized posse, which followed him to town.

EX-SOLDIER FOUND GUILTY OF KILLING CANADIAN WAR VET

[Republican A. P. Leased Wire]
PRESCOTT, Ariz., March 29.—Nicholas Martin, former service man, charged with the murder of Arthur DeStunder, Canadian war veteran, while the two were on an automobile trip from Rhode Island to Los Angeles, was found guilty of first degree murder by a jury in the superior court at 10:20 o'clock tonight. The jury recommended the death penalty. Its decision was announced after deliberation of an hour.

Martin heard the verdict without a quiver of emotion.
A blackened, partly burned corpse was found on the desert near Yampai, Arizona, October 4, last. Identification was made by the Canadian government. DeStunder was the brother of a button found in the ashes of a wound received in battle. Martin was arrested in Tulsa county, California, and escaped while being brought here for trial, was shot twice by tramps when he attempted to board a train, and was recaptured.

His testimony took a short time today and was followed this afternoon by arguments of counsel, which were not concluded until tonight.

PRESIDENT WILL PASS SUMMER ON MASS. SEASHORE

Beautiful Coast Estate to Be Summer White House—Place Overlooks Historic Old Island—Will Take Full Staff Along

[Republican A. P. Leased Wire]
WASHINGTON, March 29.—President Wilson will spend the summer at Wood's Hole, Mass., where the summer white house will be established on the estate of Charles R. Crane, a business man, recently appointed minister to China. Arrangements are being made for moving the president and his family and a good part of the executive officers there for at least two weeks of June and all of July and August. The Crane estate is an extensive country place which overlooks Buzzard's Bay and Vineyard Sound and is close by Martha's Vineyard, an island which figured in colonial history. President Taft and his family spent their summers at Beverly Mass., not far away.

The decision to take the president away for the summer is interpreted at the white house as further evidence of the continued improvement in health which Dr. Grayson, his physician, has been reporting. Up to a few weeks ago it had been practically decided not to take the president away for the summer, because it was felt that he could be better cared for at the white house.

Will Motor, Yacht and Golf
The plan to spend the summer on the New England coast, Dr. Grayson said, meant that the president could continue motor riding, possibly some short yachting trips, probably on the Mayflower, and might get in a few holes of golf if his improvement continued. The trip will be by train, the Mayflower going later.

Last summer, like his first in office, Dr. Grayson spent in Washington. Others have been spent in Cornish, N. H. The first summer, which was a hot one, Mr. Wilson put the air cooling plant in the white house offices out of commission. He was asked to stay in session in the capitol throughout the dog days, he would undertake it himself, and he did so.

He did not return from the peace conference last year until mid-summer and he spent the next few weeks preparing for his long speaking trip in the west, from which he returned "a very sick man," to use the expression contained in Dr. Grayson's official bulletin, and with a new occasional ride of late, he has been confined to the White House grounds since October.

Full Staff to Accompany Him
Secretary Houston has placed at Wood's Hole near the summer White House, and other beautiful estates are close by. Dr. Grayson decided to accept Mr. Crane's offer. It was because he wanted the president away from the oppressive heat of Washington in mid-summer and near the salt water.

Under present arrangements, the president will be in New England while the democratic national convention is in session at San Francisco. The congress, from all indications now, will nominally be in session, but will be transacting business by gentlemen's agreement between the leaders. The usual staff of secretaries, clerks, stenographers and secret service men will accompany the president. Special telephone and telegraph will be installed and to all practical purposes the White House will be in Wood's Hole after June 15.

Is Ideal Choice For Rest
WOOD'S HOLE, Mass., March 29.—Residents here, when informed President Wilson was to spend the summer at Juniper Point, the home of Charles R. Crane, were delighted.

GERMANY TO PUSH MATTER WHO BROKE PLEDGES

[Republican A. P. Leased Wire]
BERLIN, March 29.—Chancellor Mueller in a speech outlining his program told the national assembly today that "the reactionary elements in the army will be swept away with an iron broom."

No quarter will be shown military leaders who violated their oath in the recent revolution, said the chancellor. Peace treaty terms were responsible for the reactionary sentiment still prevailing in many quarters, he added, and asserted the government would oppose the French demand for allied occupation of Frankfurt, Darmstadt and other cities, in return for the privilege of sending German troops into the Rhine valley.

He continued: "I do not propose to subject these peaceful communities to the 'terrors of occupation.' The new government was fully represented by Gustav Noske, former minister of defense and Dr. Schiffer, former minister of justice, occupied seats with their party factions. The assembly reconvenes tomorrow to permit the parties to prepare their responses to Dr. Mueller's speech."

Those Who Cry Militarist Are Scored By Wood

[Republican A. P. Leased Wire]
CALUMET, Mich., March 29.—Charges that an intricate system of propaganda to break down the friendship of the United States with the allies, had already taken effect, were made by General Leonard Wood, candidate for the republican nomination for U. S. congress today at Lake Linden, Mich. "Those who use this propaganda are trying to make unavailing the fine sacrifices of our boys who died in France," he said. "Asserting that there are some men who cried 'militarist' at every man in uniform," the general said, "men who are not Americans." Militarism is the cry of the fakers who caused half our deaths in France by blocking training and preparedness, he added.

SUPREME COURT MAY PASS JUDGMENT ON DRY LAW NEXT MONTH

Further Arguments Heard on Act's Validity—Root Contends It Infringes on Personal Rights

[Republican A. P. Leased Wire]
WASHINGTON, March 29.—A possibility that the supreme court might pass final judgment on prohibition questions before it by the middle of April, was asserted today by the chief justice, Mr. Taft, in a statement made after the court recess to be taken after arguments on these cases, probably tomorrow, would extend to April 19 instead of April 12. The opinion was expressed that a decision might be rendered immediately when the court reconvenes.

Further argument on questions touching the validity of the constitutional amendment and the enforcement act, was presented today. They were in connection with the original suit brought by New Jersey as well as appeals from that state and from Wisconsin, Rhode Island, Kentucky and Massachusetts cases have already been argued and will be considered at the same time.

Elihu Root, representing Christian Pietspagan, a brewer of Newark, N. J., and Attorney General Thomas F. Mc-Crann of New Jersey, in opposition to the constitutional amendment, and Assistant Attorney General William L. Frierson for the government addressed the court.

Affects Personal Rights, Root Claims
Mr. Root characterized the prohibition amendment as new legislation made under "color of an amendment affecting personal rights. If its validity is upheld, he said, the effect would be that the court recognized in addition to the legislative powers of congress and the states, a third legislative power, enactment of legislation by three-fourths of the states, which, he said, would be a perversion not only of the word but of the whole tone of the constitution."

"It is of little consequence," Mr. Root said, "if there be or be not prohibition in this country. It is of vast consequence, however, that your honors now decide rightly and for the good of our country, that state and federal laws be limited to the power of amendment and where the line of limitation is to be drawn."

Mr. Root argued that the original bill of rights on which the federal constitution was founded would be lost to posterity if the amendment were sustained and laws enacted as constitutional amendments would be superior to other laws. This would mean, he added, that "we are not a

DENMARK POPULACE DEMANDS REPUBLIC AS CABINET FALLS

[Republican A. P. Leased Wire]
COPENHAGEN, March 29.—(12:30 a. m.)—Large crowds filled public squares, demanding the establishment of a Danish republic and all streets leading to the royal palace are held by police. King Christian tonight received a socialist deputation with which he conversed half an hour. Demands were submitted and the king promised a definite reply at 9:30 o'clock this morning.

COPENHAGEN, March 29.—M. Liebe, an advocate in the high court, has formed a new cabinet to take the place of that of M. Zahle.

M. Liebe is a well known conservative politician. He is not a member of parliament.

H. De Crevenkop-Castenskild, Danish minister to the United States, organized an attack on a mail van in Dublin March 3, and the men sent to do the work secured correspondence which was being forwarded to Dublin. When there was found anything implicating the seven expelled men is not quite clear, but apparently there is good ground for this view.

OPERATORS AND MINERS ACCEPT AWARD OF COMM.

Wage Increase Provision to Be Effective April 1—Protects Public's Coal Supply—Work to Go On Pending New Agreement

[Republican A. P. Leased Wire]
NEW YORK, March 29.—The scale committees of the bituminous operators and mine workers in a joint conference here this afternoon agreed to make the monetary provisions contained in the award of the bituminous coal commission as affirmed by the president become effective on April 1, and that the mines continue in operation pending the working out of a new agreement. The award provided for a wage increase of 27 per cent.

The action to accept the commission's award was made by representatives of the mine workers and was adopted unanimously.

All local unions of the United Mine Workers in the central competitive fields will be notified immediately of the acceptance of the wage award. John L. Lewis, international president of the mine workers, announced. Official statements of the proceedings and action of the conference signed by the international officers also will be sent out.

Action Protects Coal Supply
"This action will avoid any necessity for cessation of operations in the bituminous industry," he said, "and will fully protect the public by continuing the supply of coal after April 1, pending the negotiations of a new contract."

After adopting the award the conference appointed a sub-committee to carry on the negotiations of a new wage contract for the bituminous miners based on the coal commission's report. This committee consists of the international officers of the mine workers and two operators and will meet tomorrow.

The first matter to come before the sub-committee will be the question of a shorter work day, representatives of the mine workers declared. The soft coal industry will attempt to get a seven-hour day.

The Wage Increases
Tonnage rates, pick and machine, to be increased by 24 cents; rates for all yardage, dead work, narrow work and room turning to be advanced 20 per cent; and compensation of day wage men to be advanced 20 per cent.

The commission's report points out that the wage advance granted miners in the central competitive district between 1913 and October 31, 1919, when the Garfield award was made, averaged 43 per cent for tonnage workers and 74 per cent for day men.

The first matter to come before the sub-committee will be the question of a shorter work day, representatives of the mine workers declared. The soft coal industry will attempt to get a seven-hour day.

DECLARES SINN FEIN 'DANGER' LORD MAYOR OF CORK

[Republican A. P. Leased Wire]
LONDON, March 29.—Official inquiries in Ireland have proved beyond a doubt that Thomas Mac Curtain, lord mayor of Cork, assassinated a week ago Saturday night, was "actually a victim of Sinn Fein vengeance," says the Daily Mail.

It declares it has obtained its information on "unimpeachable authority." Lord Mayor Mac Curtain and six other prominent men who were expelled from the inner circle of the Sinn Fein and condemned as unworthy to the cause were doomed to death, the newspaper says.

Of the seven, Lord Mayor Mac Curtain was the first to be killed. Another, Professor Stockley, was shot at four times but escaped. A third man, unidentified, was found blindfolded and shot to death at Lime- rick. The remaining four are still alive as far as known.

It appears, the paper declares, "that the Sinn Fein is a real circle organized an attack on a mail van in Dublin March 3, and the men sent to do the work secured correspondence which was being forwarded to Dublin. When there was found anything implicating the seven expelled men is not quite clear, but apparently there is good ground for this view.

SENATOR NEWBERRY NOT TO RESUME HIS SEAT AT THIS TIME

WASHINGTON, March 29.—Senator Newberry of Michigan, who returned today, will not resume his seat in the senate until questions as to his status arising from his conviction in the Michigan election conspiracy case have been disposed of.

"I shall not resume my activities in the senate," he said, "until all matters growing out of the proceedings in Michigan are cleared up."

Even should Mr. Newberry not participate in any roll calls, the republican control of the senate by a majority of one would continue, the political alignment being 48 to 47.

LEAGUE OF NATIONS IS ISSUE FOR PEOPLE TO DECIDE--JOHNSON

[Republican A. P. Leased Wire]
NEW YORK, March 29.—The league of nations must become a political issue and continue as such "until the American people themselves decide it" for no other decision will be accepted by some of the men who have been making the struggle at Washington in the last nine months," Senator Hiram Johnson of California, declared in an address tonight.

Asserting the United States "wants no foreign dictation, Senator Johnson attacked the league of nations covenant as an instrument tending to cause war instead of preventing them. He assailed article 10, which guarantees the integrity of league members from external aggression, and the reservation to the article offered in the senate, which President Wilson had declared "cut the heart out of the covenant" and added:

"We in the senate replied to him that if that cuts the heart out of the covenant, we will cut the heart out of the covenant."

"The Americanism in which I believe and which I preach, would maintain America as the arbiter of her own destiny. It would hold this republic inviolate against the wiles of European and Asiatic diplomacy and would refuse to make to any nation a treaty state to any junta of diplomats sitting in Geneva or elsewhere."

Senator Johnson urged the necessity of "decentralizing from the administration these great war powers accorded it for the purpose of success in war," thereby removing "that great autocracy in this country, in one man."

STORM PLAYS WEIRD ANTICS IN ILLINOIS SWEEPS OVER IN OHIO

[Republican A. P. Leased Wire]
TOLEDO, Ohio, March 29.—Genoa, Raabs Corners and Swanton began tonight to emerge from the wreckage of the cyclone there late Sunday night. Two were killed and 14 seriously injured at Genoa. At Raabs Corners, four met death and more than a score were hurt. More than a score were injured at Swanton.

At Raabs Corners, a hamlet, almost every building was leveled, while the western section of Genoa was demolished. The storm at Genoa was the worst building was marked in some manner by the storm.

Members of the American Legion post were assisting the ruins of the 20 or more homes demolished. Relief measures are being taken and a fund has been started at Genoa to build new homes for the victims. The section of the town destroyed was occupied by the poorer classes.

Some weird antics were played by the storm at Genoa. At the home of Don Bell, principal of the high school, a two months' old boy, sleeping with his parents, was lifted from the bed and thrown across the room on a pillow, alighting so easily that he was not awakened.

Otto Steindam, whose house was blown off the foundation, was sitting in the living room with one of his children in his lap. His wife was in another room with the other child. The house was thrown into the air and the family was scattered. The furniture was not even moved out of place. The home of Hiram Johnson was swept away. His wife was carried across the street, where her body was found in a mass of wreckage, a neighbor's former home. Johnson is in a serious condition.

LOSS IN THREE OF 8 STATES IS NINE MILLIONS

Thousands Are Homeless—Deaths in Northern States Are 106; In Southern, 55—Nearly a Score of Localities Are Affected

[Republican A. P. Leased Wire]
Revised reports from eight states swept by Sunday's tornado, place the number of dead at 161, with 106 in northern states and 55 in southern, as follows:

Indiana, 36; Illinois, 30; Ohio, 26; Michigan, 12; Missouri, 1; Wisconsin, 1; Georgia, 35; Alabama, 17. Property losses in Illinois was estimated at \$6,000,000; in western Ohio at \$2,000,000; in Georgia at more than \$1,000,000; while other states visited by the tornado reported much damage.

Rail, telegraph, and telephone communication was established with nearly all stricken communities in Illinois and Ohio, but Michigan reported many rural regions still cut off.

The following fatalities were reported:

Ohio, 26: Greenville and Nashville, 8; Van Wert, 3; Moulton, 3; Renolette and Brunsburg, 6; Geneva, 2; Raabs Corners, 4.

Indiana, 36: Adams county, 2; Allen county, 11; Jay county, 11; Steuben county, 1; Montgomery county, 1; Union City, 1.

Illinois, 30: Elgin, 8; Irving Park, 6; Melrose Park, 9; Maywood, 4; Plainfield, 3.

Georgia, 35: LaGrange, 25; West Point, 10; Macon, 1; Milner, 1; Agricola, 5; Cedar Springs, 1.

Missouri, 12: East Troy, 1. Michigan, 12: Fenton, 4; Kalamazoo, 1; Coldwater, 2; Hart, 1; Maple Grove Center, 3; Yankee Springs, 1.

Full Toll Not Yet Known
CHICAGO, March 29.—The death list of the Palm Sunday tornadoes that swept sections of eight states tonight stood at 161.

Communication with many isolated communities in the middle west had only been partly restored today, and indications were that the toll of death and destruction would be augmented.

The known dead in six west-central states number 95, while 78 were killed in Georgia and Alabama. The property loss in the Chicago area was estimated at six million dollars, and in the other states affected the material loss was large.

Elgin, Ill., suffered the heaviest property loss, the damage there being \$4,000,000.

Illinois was the hardest hit of the central states, with 30 dead, more than 1,000 injured and 1,000 homeless.

Indiana reported 36 fatalities, and Ohio 26. Twelve were killed in Michigan and one each in Wisconsin and Missouri. The death list in Georgia was placed at 35 and in Alabama at 17.

Deaths in Chicago Suburbs
Districts most severely affected in the Chicago area were Irving Park, within the city limits, with six dead; Melrose Park, nine dead; Elgin, eight dead; Maywood, four dead; and Plainfield, three dead.

Heavy property damage resulted in these towns and also in Winnetka and Evanston, north shore suburbs.

At Joliet, Ill., three persons were probably fatally injured, 14 were seriously hurt, and the property damage was estimated at a half million.

Troops Guard Against Looting
Troops patrolled Elgin, Melrose Park and Winnetka today and police details from Chicago were on guard at Dun- ning.

Wire communication with many of the communities blasted by the tornado was paralyzed today. Every public relief agency was organized today to aid victims.

In several places American Legion posts sent volunteers to watch for looters and assist in relief work.

A survey of the devastated districts was begun today by Henry J. Cox, weather forecaster.

The tornado was the result of a combination of two storms, he said. One developed in Alaska, traveled through British Columbia and joined a storm from the southwest, which developed in Texas.

This combination, Professor Cox said resulted in a rotary motion which formed eddies and caused a tornado.

Report 15 More Deaths
COLUMBUS, Ga., March 29.—Reports reached here tonight from La Grange, Ga., a small town near La Grange, that 15 white people had been killed there in Sunday's tornado. Stovall is several miles off a railroad and owing to the disruption of wire service, it was impossible to verify the report.

LA GRANGE, Ga., March 29.—Thirty-six lives were lost, nearly 200 persons injured and property damage estimated at nearly \$2,000,000 sustained in La Grange and West Point in Sunday's tornado.

Of the 36 dead, 12 were white and 24 negroes, and of the 200 persons injured, approximately 15 are whites. Suffering was increased by wire service flood conditions on the river.

Fifty-five Dead in South
ATLANTA, March 29.—Revised reports tonight from storm swept sections of Georgia and Alabama cut down the death toll to 55 at La Grange, Ga., 25 persons were killed. Eleven were killed at Alexander City, Ala.; 10 at West Point, Ga.; five at Agricola, Ala., and one each at Macon and Milner, Ga., and Cedar Springs, Ala.

The number of injured was large. Property loss at La Grange was estimated at \$500,000 with that at West Point said to be "hundreds of thousands." As far east as Washington, Ga., the storm caused damage estimated at \$200,000.

Indiana List Is 36
INDIANAPOLIS, Ind., March 29.—

ARE YOU INVITED

FREE THEATRE TICKETS FOR READERS OF THE CLASSIFIED

Every week day in The Republican's classified columns will be found invitations for people who live in and around Phoenix to attend one of the good shows in town at the expense of The Arizona Republican.

Just read the classified columns and you will find invitations there under several headings. If your name is there you are one of the lucky ones.

Just clip your invitation and present it today before 5 p. m. at the business office of The Arizona Republican and a ticket admitting you and one friend will be presented to you. This ticket is good only for the day it is issued, so if you win be sure to be at The Republican office before 5 p. m. and get your tickets.
